GRAYSHOTT
STONEWARE

SINCE 1956

Redefining traditional stoneware for contemporary catering

This design catalogue offers 145 different tableware items for you to choose from. Once you have selected the items you want, select a finish from the separate glaze finish and colour card. You have complete freedom to mix and match shapes, styles and colours - allowing you to create the perfect tableware set.

Alternatively you can choose one of our pre-selected tableware collections, such as Tenmoku or Reef. We have created a series of these mood inspired collections by matching glaze finishes with appropriate tableware items to aid your selection.

Use the order sheet to compile your choices, or for advice and any questions regarding our product range, please call our sales hotline.
